## Now Hiring Pro-Life Missionaries!

A pro-life missionary mentors students to change hearts and save lives.

Pro-Life Missionaries (PLMs) are on the forefront, forming students into pro-life leaders. PLMs guide students through 1 on 1 mentoring, teach in small groups, and lead students to pro-life action.

The Pro-Life Missionary program is a two-year service program for college graduates that equips participants to build a culture of life with love, joy, and hope.

## Program Highlights

### Service

Illinois has the highest abortion rate in the Midwest. College-aged women are the largest age group at risk for abortion. Go to a university in Illinois to serve students and the unborn.

### Team

Join a team that is united by purpose, puts others first, and is dedicated to the same life-saving mission. Participate in periodic team time with community and shared meals.

### Faith

As you put your faith into action, it is critical to remain rooted in prayer. The weDignify team grows in holiness and virtue through opportunities for daily prayer, weekly Holy Hours, and semesterly retreats.

### Vision

Form pro-life leaders as students graduate into serving in their future communities. Have a hand in shaping the direction of the pro-life movement as weDignify oversees the largest pro-life event in the Midwest.

### Vision

We envision college campuses and Midwest communities to be centers for a culture of life where people treat life with love, new life is welcomed with joy, and people suffering from abortion are led to healing hope.

### Form Student Leaders

Our mission is to mentor college students into skilled, virtuous, pro-life leaders, so they can build and nurture a culture of life on campus and in their future communities.

### Lead the Midwest

weDignify oversees the Illinois March for Life, the largest pro-life event in the Midwest.
